## *Foreword*

In the hills of Granville County, stands dear TOLER HIGH, an institution from which we have derived a rich education and an understanding of the Humanities, not to remain isolated in our hills. As we go forth as orbiting life, we shall forever keep in our possession this book which highlights some of the days spent at TOLER HIGH. We hope that the parents, teachers and friends who will also explore and preserve this book, will constantly be reminded of the diligent efforts they devoted to us from the countdown of our elementary days through high school. We shall hold steadfast in our minds the pad from which we have been launched and strive to attain our goals in the space of society.
